

HISTORY

The National Space Club was founded on October 4, 1957, to stimulate the exchange of ideas and information about rocketry and astronautics and to promote recognition of U.S. achievements in space.

The Club is a nonprofit corporation comprised of representatives from industry, government, educational institutions, and private individuals.

The Club cooperates with and helps to stimulate other organizations and individuals to advance America's space efforts and addresses itself to the broad historical, educational, business aspects of missiles and space.

The National Space Club-Huntsville was founded in 1985 to further the aims locally of the National Space Club

OBJECTIVES

- Promote United States space leadership through conferences, workshops, and other literary and educational means.
- Stimulate the advancement of civilian and military applications of rocketry, astronautics, and related technologies for the benefit of all mankind.
- Bring together persons from government industry, education, the media, and other fields to exchange information on rocketry and astronautics.

ACTIVITIES

- Luncheons and receptions where recognized leaders speak on timely subjects and issues.
- The annual Dr. Wernher von Braun Memorial Dinner to honor individuals through the Dr. Wernher von Braun Space Flight Trophy, Astronautics Engineer Award, Media Award, Community Service Award and the Dr. Wernher von Braun Scholarship.
- Conference of national and international significance to the Space Program.
- Scholarships to stimulate youth interest in astronautics and related sciences.
- Special functions and workshops, and
- Annual NSC membership meetings.

MEMBERSHIP BENEFITS

Your support and assistance will help the National Space Club to achieve its stated purpose and objectives. Membership also provides you the personal opportunity to associate with others interested in the continued advancement of Rocketry and Astronautics and other benefits.

- Offers opportunities to broaden your association in the area of astronautics and related fields.
- Provides you the opportunity to participate with others in support of our nation's space policies.
- Serves as a means of staying current with the latest activities, changing policies, and future trends in the fields of aeronautics and related sciences.
- Invites you to special receptions and functions in recognition of key space events.
- Includes you in annual NSC-Huntsville membership meetings to discuss current activities and future directions.
